# Assessing Copyright Clearance Center's *Get it Now* Service

Data from July 2012 – October 2013

# Library Environment

- Student/faculty population = approx. 6,000.
- Heavily used Interlibrary Loan Services for library this size.
- Before we added *Get It Now*, we purchased approximately \$15,000/year articles direct from publishers.
  - Averaged \$34/article for 2012/2013.
- Had deposit account with Elsevier at start of our access to Get It Now, \$25/article.
- Cut library materials budget approx. 28% over last two fiscal years.

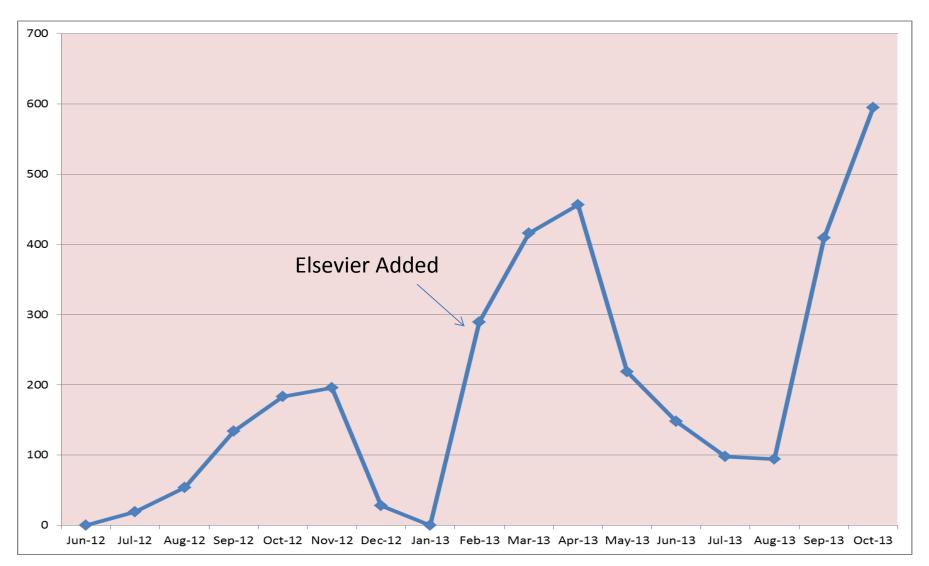

#### What is *Get It Now*?

- An article purchase-per-use service for multiple publishers which is incorporated into link resolvers (SFX or Serials Solutions, etc.)
- Links from databases ONLY for those article titles/years we DO NOT have any access to.
- Required minor SFX programming on our part, quick set up.
- Competitively priced with direct purchases from pub.
- Access to over 9,000 articles from 87 publishers.

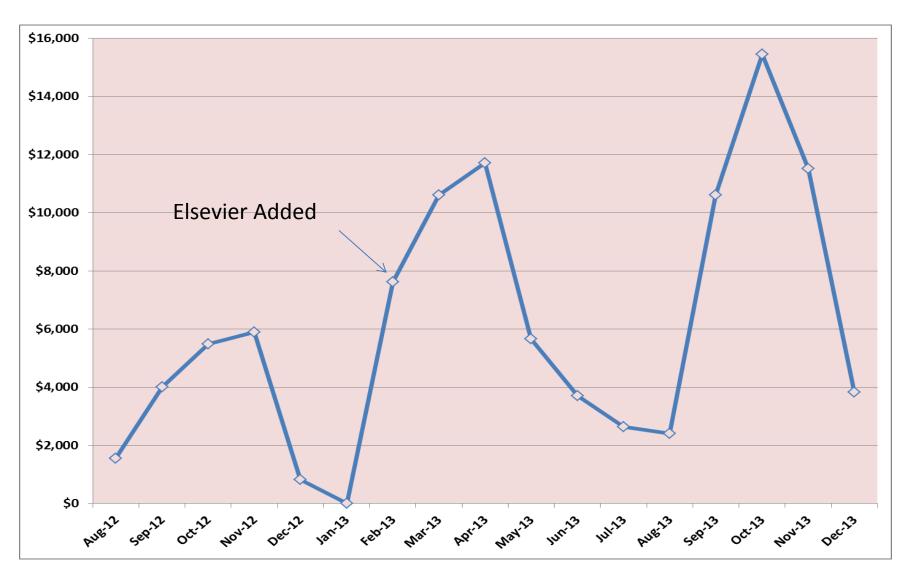

#### What We Wanted to Know

- Is it BEING USED?
- How much is it COSTING us?
- WHO is using it?
- Which PUBLISHERS are used the most?
- Which JOURNALS are used the most?
  - Are they used enough to justify purchase of subscription?
- What YEARS OF PUBLICATION are used the most?

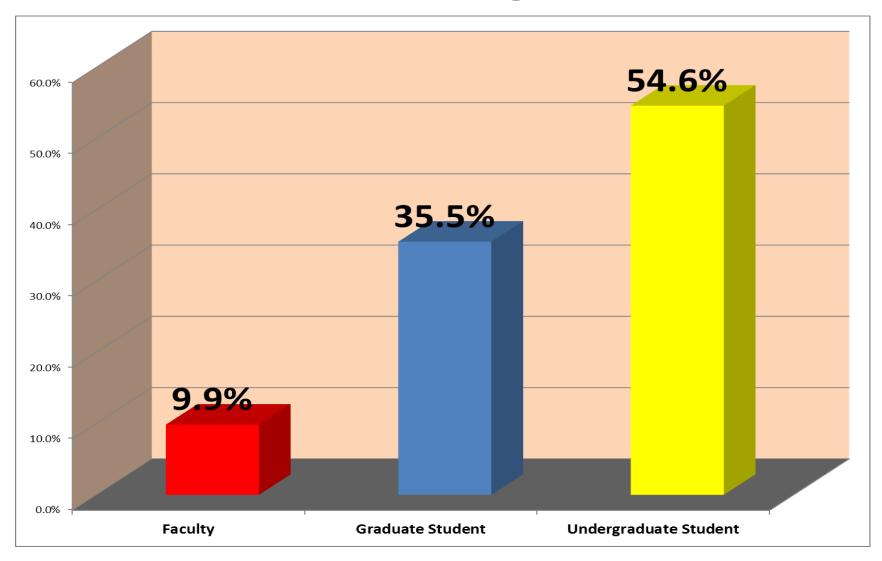

#### Is it BEING USED?

#### How much is it COSTING us?

# WHO is using it?

# Summary of User Data

- In 16 months, 3,338 total orders were placed by 915 different users (e-mail addresses). Each user averages 3 orders. Only 36 different faculty members used the service.
- 43% of users (392) ordered only 1 item in 12 months.
- Only 25 users (or 2.7%) requested 16 or more articles (1 per month).
  - NUR/PT are some of heaviest users.
  - ME, BIO and others also listed.
  - 18 graduate students (72%) and 4 faculty members were among the heaviest users. Only 3 undergraduates were.

## Summary of User Data

- Looking at campus population:
  - Undergraduates order more overall but graduate students order more on average.
  - Graduate students average 1.8 per FTE.
  - Faculty members average .7 per FTE.
  - Undergraduates average .3 per FTE.
- 13.5% of graduate students have used service.
- 5.4% of faculty members have used service.
- 2.7% of undergraduates have used service.

## **Counts by Department**

47% of All Articles Ordered are for Nursing/PT

#### Which PUBLISHERS are used the most?

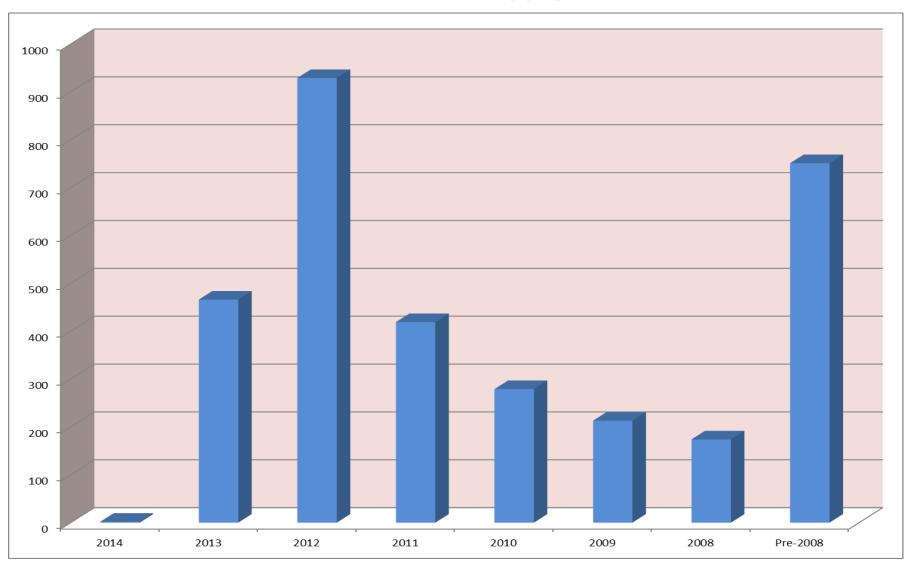

| Publisher                          | Total | %      |
|------------------------------------|-------|--------|
|                                    | 4002  | FF C0/ |
| Elsevier (activated 2/13)          | 1892  | 55.6%  |
| Springer                           | 919   | 27.0%  |
| Informa Healthcare (IHC)           | 224   | 6.6%   |
| British Medical Journal Pub.       | 145   | 4.3%   |
| Nature (NPG)                       | 100   | 2.9%   |
| Wiley                              | 45    | 1.3%   |
| No others with more than 18 orders |       |        |

#### Which JOURNALS are used the most?

- British Journal of Sports Medicine BMJ Pub. (\$30)– 46 orders – PT
- Journal of Bodywork & Movement Therapies Elsevier
   (\$24) 42 orders PT
- Disability & Rehabilitation Informa HealthCare (\$37)–
   38 orders PT
- Social Science & Medicine Elsevier (\$24/article) 33 orders - NUR/PT
- Personality and Individual Differences Elsevier (\$24/article) – 31 orders - PSY
- Computers in Human Behavior Elsevier (\$24/article) –
   28 orders SOC?/PSY?/CS?
- Majority are Nursing/PT titles.

#### What YEARS OF PUBLICATION are used the most?

75% of ordered articles have copyrights after 2008

## Summary

- At 55% of the total, undergraduates are the heaviest users of Get-It-Now but graduate students order more per FTE.
- Only 915 users placed orders.
- 43% of all users ordered only 1 article.
- 25 users ordered more than 16 articles in 16 months. 18 of them were graduate students.
- 47% of the use is from the Physical Therapy/ Nursing Depts.
- Elsevier is the most highly ordered publisher by far.
- We pay \$26.54 per article on average.
- Several journal titles are heavily used, the vast majority are for PT/Nursing.
- 75% of the orders are from journal issues published in the past six years.
